

Blue Cards—For Child Related Employment

August 2011

PLUMBERS QUEENSLAND

Blue Cards — For Child Related Employment

Plumbers Queensland have been performing maintenance plumbing work for schools since 1988.

Due to the amount of work Plumbers Queensland perform for various schools from Noosa to Redcliffe, we have ensured our Plumbers obtain a Blue Card for Child Related Employment.

We are proud to announce all of our plumbers have been issued with Blue Cards for Working with Children.

The purpose of the Blue Card system is to help

create and manage a safe and supportive environment for both children and young people.

Blue card holders are continuously monitored and are deemed safe to work with or around children.

The ongoing monitoring of Blue Card holders eliminates future risks and provides risk management strategies for organisations that work with children.

If you require plumbing maintenance at an organisation that works with children or where

children may be present, please call Plumbers Queensland,

Blue Card Issued to the Director of Plumbers Queensland— our other 15 staff also have their

as all of our plumbers hold Blue Cards and are available to tend to all of your plumbing maintenance needs.
